

3-WAY LINE SWITCH

The Nol-Tec 3-Way Line Switch is designed for trouble-free conveying of dry materials in pneumatic conveying systems.

STANDARD FEATURES:

- Heavy-duty steel construction
- One-piece abrasion resistant urethane tube with integral seal
- Smooth, uniform internal bore to minimize cross contamination
- One-positioning air cylinder to select direction of flow
- Dual sealing air cylinders provide positive dust-tight operation
- Conveying pressure up to 90 PSIG
- Suitable for converging or diverging applications
- Suitable for outdoor service
- Limit switches used to indicate position and sealing

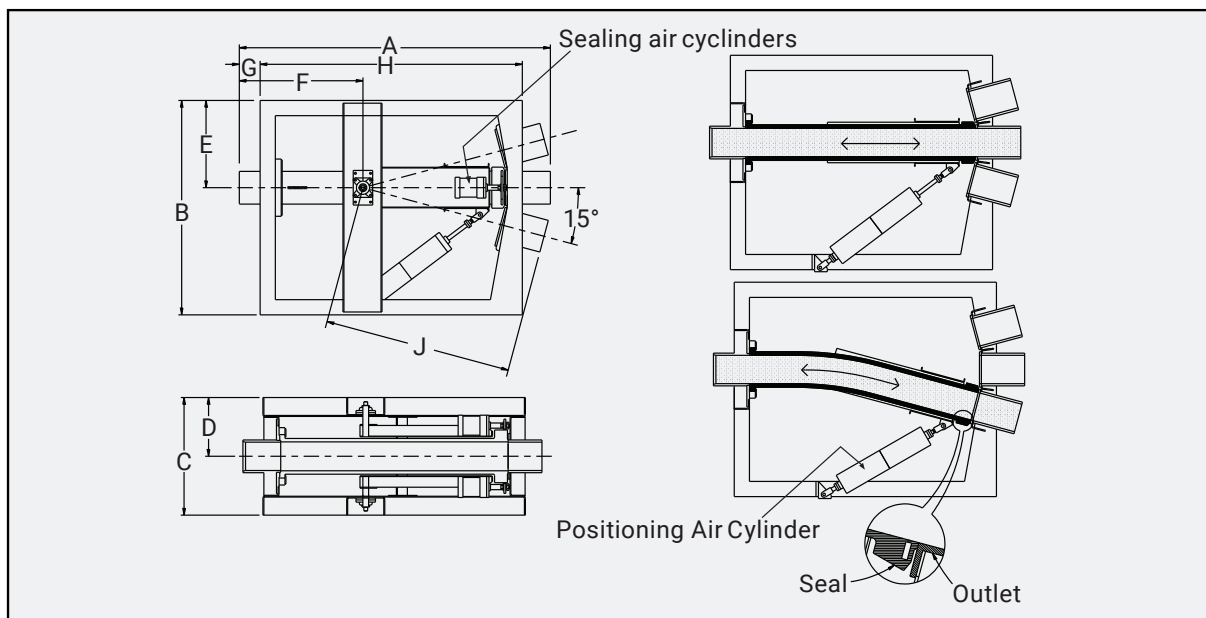

SPECIFICATIONS:

- **Compressed air:** Clean and dry at 80 PSIG
- **Temperature range:** 180° F maximum
- **Electrical:** 24 VDC

OPTIONAL FEATURES:

- Flanged or grooved pipe line connections
- Stainless steel product contact surfaces
- Stainless steel construction
- Weather protection covers
- Sanitary design (FDA tubes)
- **Electrical:** 110-120V; 50/60HZ
- Contact Nol-Tec with your special requirements
